

ZigZag Scarf

DESIGNED BY Lynn Levin

Materials

Yarn

Any worsted, DK, or sportweight yarn: 165-220 yds

Needles

Any straight or circular needle to get a nice gauge and allow for the width you would like.

Gauge

Gauge is not critical; but it pays to do a swatch to determine what needle size gives you a nice drapy fabric

Guild member Lynn Levin has created this lacy, reversible fashion scarf for MKG Community Projects. It works well with worsted, DK, or sportweight yarns.

Abbreviations: **K:** knit; **K2tog:** knit 2 sts together; **Yo:** yarn over; **Wyif:** with yarn in front (used in "Slip 1 purlwise wyif". After doing this, move yarn to the back for the next stitch.)

STITCH PATTERN

Pattern 1 (the Zig):

Row 1: Slip 1 purlwise wyif [see *Abbreviations*]; k to end.

Rows 2-9: Repeat Row 1.

Note: It is absolutely CRITICAL that an ODD number of rows are knit for Pattern 1. There is no right or wrong side to this pattern. The odd number of pattern rows will alternate which side Rows 1 and 2 of Pattern 2 are worked on. This is what creates the zigzag as Pattern 2 creates a slanted fabric.

Pattern 2 (the Zag):

Row 1: Slip 1 purlwise wyif [see *Abbreviations*]; *k2tog, yo*, repeat * to * to last stitch; k1.

Row 2: Slip 1 purlwise wyif, k to end.

Rows 3-20: Repeat Rows 1 and 2. — 20 rows, 10 holes created

DIRECTIONS

Cast on an even number of stitches for desired width (Example: 20 stitches on US 6 needles work well for sportweight yarn).

Work Pattern 1 (the Zig), then Pattern 2 (the Zag).

Continue alternating Pattern 1 and Pattern 2 to desired length, **ending with Pattern 1.**

Finishing

Bind off **loosely** and weave in all ends. **Block to accentuate the zigzag.**
